

APR 25 2000

Mr. Donald Guarriello, Town Engineer
110 East Westfield Ave.
Roselle Park, New Jersey 07204

Re: Roselle Park Baseball Fields

Dear Mr. Guarriello:

Roselle Park Youth Baseball League Fields Preliminary Assessment (PA) was initiated by a petition letter to the U.S. Environmental Protection Agency (USEPA) from a local citizen. The letter expressed concerns regarding the past use of the site as a dump. The PA is designed to distinguish between sites that pose little or no threat to human health and the environment and sites that require further investigation. An Abbreviated PA determined that the site requires further investigation in order to make a complete site evaluation. As a result, Roy F. Weston Inc., will be performing sampling at the site on behalf of the USEPA during the week of April 24, 2000.

If you have any further questions or concerns, please contact me at (212) 637-4342.

Sincerely,

Linda Wood, Site Assessment Manager
Pre-Remedial Section
